PART A: STRATEGIC OVERVIEW

ESTABLISHMENT OF THE DISTRICT

The North Tongu District is one of the District Assemblies in the Volta Region which was carved out of the former North Tongu District Assembly (Adidome). Legislative Instrument (L.I.) 2081 of 2012 established the District as an independent Administrative Authority.

LOCATION AND SIZE

The North Tongu District is located along the Volta River and has majority of its communities interspersed along the River. The District has a total land size of about 1,131.64sqkm. The District has a vast arable land available for agricultural development. The District lays within latitudes 5°47'N to 6°N and longitude 0°5' E to 0°45'E and shares boundaries with Central Tongu and South Tongu to the East, Asuogyaman and Lower Manya to the West, to the South is Shai Osudoku and Ada West and Ho West to the North.

POPULATION STRUCTURE

The Population size and composition influence the District's potential human resource requirement and level of provision of social infrastructure such as schools, hospitals/clinics housing etc. The Projected Population of the District currently stands at estimated 112,864 in 2021 made up of 53,385 males and 59,479 females representing 47.3 and 52.7 percent respectively. The District has

an annual growth rate of 2.15 percent which is slightly lower than the regional figure of 2.4 percent. The sex ratio for the District is 89.75 males per 100 females. The population density is estimated at 99.73 persons per square kilometer as compared to the regional and national population densities of 103.0 and 103.4 persons per square kilometer respectively.

1. VISION

The vision of the North Tongu District Assembly is to ensure the betterment of life of its inhabitants by providing basic social and economic amenities for the wellbeing of its citizenry.

2. MISSION

The Mission of the North Tongu District is to improve the quality of life of the inhabitants through effective participation of communities in the mobilization of the needed resources, provision of social services and the creation of an enabling environment for private sector development.

3. GOALS

The Assembly is to achieve sustained accelerated growth, sound environmental management and rapid poverty reduction within decentralised democratic governance.

4. CORE FUNCTIONS OF THE NORTH TONGU DISTRICT

The Assembly has responsibility for the overall development of the District and shall and to ensure the preparation and submission through the regional co-ordinating council.

- Approved Development plans of the District to the National Development Planning Commission
- Preparation of the Budget of the District related to the approved plans to the Minister responsible for Finance and approval;
- Shall formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the District;

- Shall promote and support productive activity and social development in the District and remove any obstacles to initiative and development.
- Shall initiate programmes for the development of basic infrastructure and provide District works and service in the District;
- Is responsible for the development, improvement and management of human settlements and the environment in the District;
- Is responsible in co-operation with the appropriate national and local security agencies, for the maintenance of security and public safety in the district.
- Shall ensure ready access to Courts in the District for the promotion of justice;
- Shall initiate, sponsor or carry out studies that are necessary for the performance of a Function conferred by this Act or by any other enactment; and;
- Perform any other functions provide for under any other enactment.

In line with the 1992 constitution the District has four sub-structures which are all functional namely:

- Juapong Town Council
- Battor area council
- Mepe Area Council
- Dusor Area Council

5. DISTRICT ECONOMY

Agriculture

Agriculture, the leading sector in the economy is dominated by small scale unorganized farmers who depend mainly on simple rudimentary tools and labour-intensive techniques of production. Given a large pool of youthful population, coupled with available land and water; there exists opportunities for potential agricultural sector investors to invest in farming in the district as well as develop out-grower schemes for local farmers to produce raw materials to serve as inputs to attract large scale agro-processing industries. Produce from the subsistence farmers includes cassava, maize, mangoes, vegetables, rice, groundnuts and cowpea. There are currently some notable commercial agricultural

investments in the District like the Praire Volta Limited, Musahamat Farms and Vegpro among others.

Livestock in the District is estimated to be at 197,507 with 6,789 keepers. The major constraint to the production of ruminant live stock in the district is the scarcity and fluctuating of quality forage supply all year round especially in the dry season.

River fishing mostly in the Volta River has declined considerably due to the formation of the Volta Lake. The principal traditional fishing communities (Mepe, Battor, Aveyime and Volo), which are close to the Volta, have had their economic base eroded. It is important to note aquaculture is becoming increasing popular in the district using the cage techniques in the river because of the presence of the Volta river and other ponds and creeks in the district.

Road Network

Majority of the roads in the North Tongu District are untarred and highly unmotorable making accessibility to some areas very difficult. Due to the nature of the land, graded roads do not take a lot of time before going bad again. This has made the movement of goods and services from the hinterlands to the major market centres difficult. The only tarred road in the District is the Mepe - Sege and an on-going bitumen surfacing of Juapong to Adidome road.

Water transportation is also one of the means of transport used in the North Tongu District. It provides the easiest and shortest access to other parts of the district as the Volta River virtually divides the district into two

SOURCE: NTDA DPCU CONSTRUCT, 2021

Energy

The main source of lighting in the District is electricity from the main grid (51.0%). Households which use Kerosene constitutes 35%, flashlight / torch light constitute 6.6 percent. In urban areas main source of lighting is electricity from the main grid (73.2%) followed by kerosene lamp (23.3%). Households which use solar constitute 0.1 percent. In the rural areas 60.4 percent use kerosene lamp as main source for lighting and 30.1 percent use electricity (mains). It is assumed that those who do not use electricity do not have access to the facility.

Education

The North Tongu District has a total of 201 educational facilities consisting of Pre-Schools, Primary, Junior High, Secondary and a School for Children with special needs. The breakdown is as follows: Pre-schools 101 (Public 71 and Private 30), Primary 100 (Public 70 Private 30) Junior High 61 (Public 42 and Private 19), 6 Senior High (Public 5 and Private 1); and 1 Special School for persons with disabilities. These schools have a total enrolment of 28,425.

Health

Again, there are a total of 23 health facilities spread across the district. There are 6 Health centres, 5 CHPS Compounds 9 CHPS Zones, and 1 Polyclinic all under the Management of Ghana Health Services (Public); and 2 privates, hospital namely Battor Catholic Mission Hospital and Merciful Hospital.

Markets Centres

The North Tongu District has two major markets in the District with the largest market located in Juapong. The Juapong market which is the largest market in the District is expected to serves as the main source of revenue for the District if properly managed. However, conflicts ranging from political to cultural have made it difficult for the District Assembly to collect revenue from this part of the District thus making the smaller markets in Battor and Aveyime the only source of revenue for the Assembly. The situation if not resolved within the short term would adversely affect the overall running of the Assembly as a greater proportion needed to run the Assembly is locked up. The figure 1.14 is a pictorial view of the Juapong market.

Water and Sanitation

Most communities in the North Tongu District had no access to potable water until 1994, when the Volta Region Community Water and Sanitation Programme, under the Danish International Development Agency, commenced operation in the area. Since then, the water supply situation in the district has improved tremendously. Several water projects have been completed or are ongoing, bringing water to many communities. The water providers in the district include the Community Water and Sanitation Agency and the 3-Districts Water Scheme all stationed at Aveyime. The 3-Districts Water Supply Scheme, which supplies portable water to the North Tongu, Central Tongu, Shai Osodoku, Ningo- Prampram, Ada East and West Districts is managed by Community Water and Sanitation Agency located at Sege.

Aveyime Water Treatment Centre

3-District Water Treatment Centre at Aveyime

SOURCE: NTDA DPCU, 2021

Most communities in the District are characterized by poor sanitation due to the inadequate Environmental Health Officers coupled with logistics in most of the communities to enforce effective environmental laws. This has made the citizens reluctant in keeping their environments clean. In terms of public places of convenience, the District as part of its District's medium term development plan has implemented some projects in the area of Public toilets in some parts of the District with some currently on-going. With malaria the topmost killer disease in the District, it is imperative radical efforts are taken to improve the sanitation problem in the District. The water coverage in the district in terms of urban and rural is 63% and 25% respectively.

With increasing population and industrialization, waste management is becoming one of the major issues in the District. Proper means of waste disposal is crucial to public health and the environment. This helps reduce the chances of spreading diseases. Proper waste disposal also reduces the probability of contamination of the soil and groundwater. Sanitation coverage in the District is about 22%. This is far above national coverage of 14% in comparative term.

TOURISM

Though the district abounds in tourism potential, especially in the areas of leisure tourism and eco-tourism for those who want to be closer to nature, most of these potentials are still undeveloped. The potential includes quite a lengthy stretch of the Volta River with relatively steep banks suitable for the location of lakeside motels and hotels.

In addition, Agbadza, Atokoe, Awuna and Gadzo traditional dance forms exist in the district, which visitors (or tourists) could be treated to. Even more attractive is the fact that some of these dance forms are performed by all-women groups. Most of these tourist attractions are still in their raw state and require some amount of development. It should be added that specific areas under tourism, for example, the Dorfor and Volo Kome area, have access roads leading to the tourist sites, electricity supply and the construction of rest and relaxation spots at the various tourist sites, hotels and conference centres is ongoing. Battor, the district capital, is located within a very natural environment overlooking the Volta River and free from the hustle and bustle of city life, is an ideal place for anyone who wants a change of environment.

Environment

Environmental issues are critical to the District's Development process and are being given the necessary consideration. Efforts to minimize the impact of climate change on the socio-economic development in place with sand winning activities from the Volta River are been regulated. All physical developments are controlled by the District. Also, tree planting programmes and forestry management programmes would remain development priorities for the District.

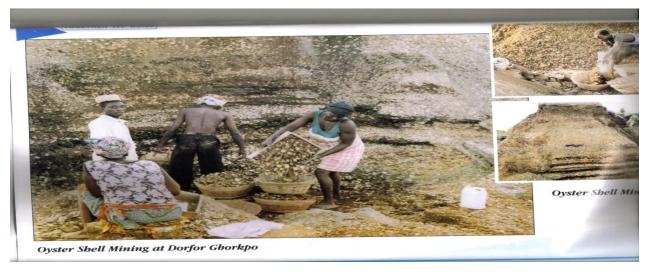

Industry

The main commercial functional industrial activities are textile, agro-processing and Oyster Shell Mining

Textile: Volta Star Textile factory in Juapong is one of the largest industries in the District who are into the production of textiles. The Juapong Textiles Limited, now Volta Star Textiles Ltd was established as a public-private partnership in 1968 to produce grey aft, but folded up following the filing for liquidation by the Dutch giant Briscoe, that was operating it. The refurbished factory is being operated as a joint partnership between the Government and U-Rich Limited, a Chinese textiles and garments giant. Currently, and it is employing 185 people including five management staff from China and at full capacity, the personnel would number 800. The factory is intended to serve as a market for locally grown cotton and accelerate the economic development of the district and the adjoining ones and help to resuscitate the nation's textile industry.

Agro Processing: Gari processing is done by women using various traditional methods mainly in the Juapong area of the district. The technology and equipment used are indigenous. The main weakness of the traditional processing however is the low labour productivity and product quality. In some parts of the District, lime production using oyster shells is undertaken by some of the local people for export to Togo for cement production and shea butter processing

Oyster Shell Mining

SOURCE: NTDA DPCU CONSTRUCT, 2021

6. KEY ISSUES AFFECTING THE NORTH TONGU DISTRICT AMONG THEM ARE

- Poor road network
- Inadequate educational and health facilities, materials and personnel
- Inadequate office and residential Accommodation for staff
- Low agriculture production
- Low investment in agriculture and tourism
- Land litigation/ land tenure problems
- Absence of layout for the entire District
- Inadequate logistics and staff for the departments under the Assembly
- High attrition of staff
- High rate of unemployment and under employment in the district
- Poor drainage system
- unwillingness of some citizens to pay revenue

7. KEY ACHIEVEMENTS FOR 2021

- 1 No. Semi-Detached Magistrate Bungalow at Aveyime
- 1No.10-Seater Water Closet Toilet at Juapong Market
- Nursing of 100,000 Cashew Seedlings at Dadome for Free Distribution to Farmers
- 1 No. Ultra-Modern Police Station at Volo
- Construction of Pavement and Drainage at Battor Market
- Construction of 1No. 3Unit Classroom Block at Mepe RC
 Construction of 1 No. 6 Unit Classroom Block at Dorfor Agorweme
- Rehabilitation of Podoe E.P School
- Rehabilitation of Ayiwata-Ayiwa-Wuxor of 3.5km Feeder Roads
- Rehabilitation of Small Earth Dam at Deve
- Construction of 1 No. 6 Unit Classroom Block at Torgome Azagonorkope
- Construction of 1 No. 2 Unit Kg Block at Tornu-Jordan-Asimekope
- Completion of 2 No. CHPS Compounds at Alabonu and Deve
- Establishment of 10 Acres Mango Plantation at Volo
- Establishment of 50 Acres of Cashew Plantation at Kosive

- 60 PWDs Supported with Items and Equipment
- Construction of 1No. Ambulance Bay and Offices at Battor
- Construction of Business Advisory Center for Rural Enterprise Programme
- Construction of Ultra-Modern Court at Battor
- Completion of 4 No. classroom blocks at Melenu, Mepe, Podoe and Dorfor-Agorweme

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

1. Budget Programme Objectives

- Enhance Peace and Security
- Deepen political and administrative decentralization

2. Budget Programme Description

Management and Administration programme will be responsible for the overall management of the Assembly by providing general administrative support services to the various departments and all other units of the Assembly. The programme will ensure that the overall mandates of departments are implemented in line with national objective. The programme will seek to provide services to both internal and external stakeholders of the Assembly, lead the process of Human Resource Management of the District, planning and budgeting, resource mobilization for the developmental projects and programmes to meet current and noncurrent expenditure while at the same time facilitate the creation of a conducive environment for the efficient administration of the Assembly.

BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Sub-Programme: 1.1 General Administration

1. Budget Programme Objectives

The sub-programme seeks to strengthen fiscal decentralization, improve decentralized planning, deepen political administrative decentralization, improve popular participation at regional and district levels, improve participation of civil society (media, traditional authorities, religious bodies) in national development and enhances security service delivery and public safety.

2. Budget Programme Description

General Administration will be responsible for the overall management of the Assembly by providing general administrative support services to the various departments and all other units of the Assembly. General Administration will ensure that the overall mandates of departments are implemented in line with national objective. The sub program will seek to provide services to both internal and external stakeholders of the Assembly, lead the process of resource mobilization for the developmental projects and programs, meet recurrent expenditure while at the same time facilitate the creation of a conducive environment for the efficient administration of the Assembly.

The sub-programme would be delivered through the organization of meetings of the various committees of the Assembly with stakeholders.

The Organizational Unit involved in the achievement of the objectives are the Procurement unit, transport unit, Records unit, Budget unit, Planning unit etc.

The sources of funds for the sub-programme are the District Development Facility (DDF), District Assembly Common Fund (DACF), Internal Generated Fund (IGF), Non-Governmental Organization's support and other private organizations.

The beneficiaries are the Departments, citizenry and Institutions within the district.

The staff strength is Twenty-one (21) comprising of Twelve (12) Males and Seven (7) Females.

The key challenges are:

- i. Inadequate logistics, low staff strength, inadequate material and financial resources and delays in the release of District Assembly Common Fund (DACF).
- ii. Poor observance of Procurement and Tendering activities.
- iii. Poor awareness creation on important government policies with stakeholders

BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION SUB-PROGRAMME 1.2Finance and Revenue Mobilization

1. Budget Sub-Programme Objective

The sub-programme seeks to boost revenue mobilization, eliminate tax abuses and improve efficiency. It also improves public expenditure management and budgetary control. It further used in preparation of annual financial statements for the district. It helps to develop financial policies and procedures for planning, controlling and monitoring of financial transactions. It ensures judicious use of funds in accordance with statutory procedures, adheres to prior processing of transactions on Ghana Integrated Financial Management Information System (GIFMIS) consistent with PFM Regulation (2019) and develops the work programme of the finance department to ensure effective job performance. Finally, it advises management on the effectiveness of risk management, control and public financial management processes.

2. Budget Sub-Programme Description

The programme seeks to promote revenue generation, timely and quality financial reporting and accountability of public financial management. It also seeks to ensure processing of transaction on electronic platform as required by the Public Financial Management Regulation (2019).

The programme will be carried out through the support of trained revenue and account staff. There will also be the use for tools such as cars, motor bikes, value books and more to carry out our mandate.

Finance Department, Budget, Procurement and Revenue Units will collaborate to carry out the programmes for the period through the use of IGF and Government of Ghana Transfers.

The programme will be funded through our Internally Generated Fund (IGF) and Grants. Grants will compose of District Assembly Common Fund (DACF), Responsive Factor Grant (RFG) Donor Funds and others.

The programme will benefit the entire communities in the North Tongu District through mobilization of i.e. funds for the administration of the District Assembly, ensure value for money for projects in the district, and make businesses to have the legal backing to operate freely through the taxes they pay. Other beneficiaries will be existing and prospective staff of the district whose salaries processing will be vetted promptly.

The programmes will be carried out by a team of 27 staff composed of 23 revenue staff, 4 accounts staff. This is made up of 23 males and 4 females.

Our challenge will be the need to have regular access to revenue pick up, motor bikes, computers, mobile phones, stationery and value books to carry out the activities of the programme. There is also a need of training for our staff in order to be productive. Also, prompt payment of salaries and SSNIT of staff on IGF is a major challenge.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the MMDAs measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the MMDA's estimate of future performance.

BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION SUB-PROGRAMME: 1.3 Planning, Budgeting and Coordination

1. Budget Sub-Programme Objective

Leads in strategic planning, efficient integration and implementation of public policies and programmes and dissemination of information to achieving sustainable economic growth and development in the District. The sub-programme further seeks to provide technical guidance to Management on budgetary matters and establishing database for financial planning and resource mobilization

2. Budget Sub-Programme Description

The sub programme will seek to liaise with stakeholders to collect inputs necessary to aid in the formulation of District specific annual development plans and medium-term plans. It will also provide a lead support in planning and development of the budgetary programme of the Assembly.

The delivery of this sub programme will be through the organization of stakeholder meetings, monitoring of projects/programmes and undertaking of other public procurement processes for the procurement of goods, assets and provision of services.

The Development Planning Coordinating Unit (DPCU) and Budget Committee will be the lead agents in the implementation of this sub programme.

The sub programme will be funded from the Internally Generated Fund (IGF) and District Assemblies Common Fund (DACF).

The Beneficiaries of the sub project are the members of the DPCU, Budget Committees, Civil Society Organisation (CSO) and other major stakeholders in the development process of the Assembly.

The units currently have a staff strength of eight (8) comprising Six (6) Male and two (2) Female.

Challenges that may hinder the timely delivery of the sub-programme are: delay in the release of funds from various funding sources, non-compliance and delay by stakeholders in the provision of socio-economic data for resource mobilization, inadequate personnel and inadequate office logistics (Laptops, printer and cabinet).

3. Budget Sub-Programme Results Statement

BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION SUB-PROGRAMME 1.4 Human Resource Management

1. Budget Sub-Programme Objective

• Deepen political and administrative decentralization

2. Budget Sub-Programme Description

The sub programme will deliver its objective by effectively managing staff of the District Assembly in areas such as capacity building, compensation management, recruitment, promotions and upgrading, Performance Management, HRMIS and staff welfare issues in the various departments & units of the District Assembly.

It collaborates with the Departments and Units of North Tongu District Assembly, State Institutions (Volta Regional Coordinating Council, Office of the Head of Local Government Service) and Private Organizations. The sub programme is mainly funded by District Development Facility, District Assemblies Common Fund and Internally Generated Funds.

The sub programme has a staff strength of two females (2) consisting of a Human Resource Manager and an Assistant Human Resource Manager.

It is challenged with logistics and funds which are essentials in the development of effective and efficient human resource base.

BUDGET PROGRAMME SUMMARY PROGRAMME 2: INFRASTRUCTURE DELIVERY AND MANAGEMENT

1. Budget Sub-Programme Objectives

- Promote spatially integrated and orderly development of human settlements
- Accelerate the provision of adequate, safe and affordable water
- Promote resilient urban infrastructure development and maintenance and basic social provision

2. Budget Sub-Programme Description

The programmes co-ordinates the construction, rehabilitation, maintenance and reconstruction of public buildings, Assembly bungalows/Offices, and Small-Town Water Systems. Again, its advices and undertakes construction, maintenance and repair of public buildings and properties, project monitoring and evaluation. The programme will function through a relationship with the four (4) Town/Area councils and other departments/units of the North Tongu District Assembly especially Works and Physical Planning department. The programme will render other services to the general public such as building permit delivery, outdoor advertisement permit delivery, certification of true copy of approved building plans and identification and ownership of building. Demolishing of unauthorized development structures, maintenance of feeder road networks in the District.

PROGRAMME 2: INFRASTRUCTURE DELIVERY AND MANAGEMENT SUB-PROGRAMME 2.1 Physical and Spatial Planning

1. Budget Programme Objectives

The objective is to plan, control and ensure the harmonious sustainable and cost-effective development of human settlement in accordance with sound environmental and planning principles. The sub-programme further seeks promote resilient urban infrastructure development and to facilitate the Street naming and Property addressing system.

2. Budget Programme Description

The programmes co-ordinates the construction, rehabilitation, maintenance and reconstruction of public buildings, Assembly bungalows/Offices, and Small-Town Water Systems. Again, it advices and undertakes construction, maintenance and repair of public buildings and properties, project monitoring and evaluation.

The programme will be delivered through a relationship with the stakeholders ie Chief, Opinion leaders etc in the four (4) area councils and other departments/units of the North Tongu District and the Assembly.

The programme will render services to the general public in a form of zoning of lands, building permit delivery, certification of true copy of approved building plans and identification and ownership of building. Demolishing of unauthorized development structures.

The above activities would be financed by District Assembly Common Fund, Internally Generated Fund, Government of Ghana.

The Department has staff strength of 2 which could be improved.

The key challenges of the department are: the department is under staff, untimely release of vehicle for development control exercise, lack of financial support to purchase materials for the development control exercise such as paints, brush and tap and thin.

1. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the MMDAs measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the MMDA's estimate of future performance.

BUDGET PROGRAMME SUMMARY PROGRAMME 3: SOCIAL SERVICES DELIVERY

1. Budget Programme Objectives

- Increase inclusive and equitable access to quality education at all levels.
- Increase access to quality health care and improve health service delivery
- Make social protection effective by targeting the poor and vulnerable

2. Budget Programme Description.

The Social Services Delivery Programme ensures effective implementation of the Local Government Service Act by enhancing civil society and private sector participation in Governance.

The programme covers issues relating to Health, Education, Gender mainstreaming, People with Disability, the aged, children and vulnerable people in our communities.

PROGRAMME 3: SOCIAL SERVICES DELIVERY SUB-PROGRAMME 3.1 Educations and Youth Development

PROGRAMME 3: SOCIAL SERVICES DELIVERY

SUB-PROGRAMME 3.1 Educations and Youth Development

SUB-PROGRAMME 3.1 Educations and Youth Development

Budget Sub-Programme Objectives

- Enhance inclusive and equitable access to schools and participation in quality education at all levels.
- Strengthen school management systems.
- Build capacity for sports, and recreational development.
- Enhance application of ICT in national development.

Budget Sub-Program Description

This sub-programme seeks to achieve quality education in all levels of educational system and can be delivered by the following; infrastructure development, monitoring and supervision, community sensitization activities and In-Service Education and Training of staff.

The following units are involved in achieving the sub-programme objectives: Finance and Administration Unit, Planning Unit, Supervision and Monitoring Unit and Human Resource Management and Development Unit.

The sub-programme is funded by: GOG, IGF, DACF, NGO and DONOR PARTNERS

The beneficiaries are children, parents, and communities in North Tongu.

The staff strength of the sub-programme are 39 male and 6 females.

The key challenges of the sub-programme are inadequate teaching staff, inadequate capacity training workshops for office staff and teachers/head teachers, ineffective monitoring and supervision due to unavailability of funds, inadequate educational infrastructure, inadequate sports facilities and ineffective education system delivery.

PROGRAMME 3: SOCIAL SERVICES DELIVERY SUB-PROGRAMME 3.2 HEALTH DELIVERY

1. Budget Sub-Programme Objective

To ensure affordable, equitable, easily accessible and Universal Health Coverage (UHC), strengthen healthcare Management system, ensure reduction of new HIV, AIDS/STIs and other infections, especially among vulnerable groups and ensure food and nutrition security

2. Budget Sub-Programme Description

The sub program seeks to improve the quality service delivery and to promote health for all within its jurisdiction. The sub program will deliver this aim through community education and sensitization, health talk, Antenatal, Skilled delivery, Postnatal, Growth monitoring and promotion, clinical care, Mental health services, Disease Control and Surveillance, community mobilization and participation.

Disease Control and Surveillance Unit, Health Promotion Unit, Nutrition Unit, Health Information Unit, Family Health Unit, Accounts Unit, Health Administration and Support Services, Mental Health Unit, and Clinical Care. The sub program will largely be funded through donor supports, Internally Generated Fund and the District Assembly Common Fund.

The beneficiaries are the general populace including the vulnerable groups such as pregnant women, children under five, adolescents, and the aged.

The staff strength of the sub program is 617 made up of 201 males and 416 females.

The major challenges the sub program faces are:

- ✓ Inadequate funds to execute activities/projects.
- ✓ Inadequate medical and office equipment
- ✓ Breakdown of vaccine fridges
- ✓ High adolescent pregnancies
- ✓ High new HIV infections
- ✓ High anaemia cases in pregnant women at 36 weeks gestation
- ✓ Low case detection rate for TB and AFP (Polio) and other diseases of public health concern
- ✓ Inadequate supportive supervision visits on disease control activities
- ✓ Low public health promotion activities

PROGRAMME 3: SOCIAL SERVICES DELIVERY SUB-PROGRAMME 3.3 Social Welfare and Community Development

1. Budget Sub-Programme Objective

The objective of the sub-programme is to strengthen social protection, especially for children, women, persons with disability and the elderly. Also, the sub- program seeks to resource the vulnerable, excluded and to help them gain employment. It further aims at enhancing emotional stability in families.

2. Budget Sub-Programme Description

The sub-programme seeks to improve community's well-being through the utilization of their skills and resources and promoting social development with equity for the disadvantaged, vulnerable, persons with disabilities and the excluded. The sub-programme also provides financial and material support to the various vulnerable and marginalized groups in the district.

The sub-program would be achieved through meetings, sensitizations and workshops with key stakeholders at all levels and reporting on these engagements as such.

The department of social welfare and community development would work with other institutions like Ghana Education Service, Ghana Health Service, Ghana Police Service, NGOs, CBOs and the district assembly and its structures involved in the implementation in other to achieve a common goal.

The funding sources for this sub-programme are: District Assemblies common fund (DACF), Internally generated fund (IGF), Government of Ghana (GOG) and other donor supports.

The beneficiaries of the programme are the aged, vulnerable, persons with disability, the excluded, and the community at large.

The staff strength of the department is Seven (7), made up of District Head, Four (4) Social Development Officers, one (1) Assistant Social Development officer (1) Senior Mass Education Officer and one (1) NBCO Trainee. For the sex disaggregation, 5 males and 2 Females.

The key issues confronting the sub- programme are: Inadequate fund, untimely release of GOG funds, no vehicle and motor cycle and other logistics.

PROGRAMME 4.0 ECONOMIC DEVELOPMENT

SUB-PROGRAMME 4.1 Trade, Tourism and Industrial development

Budget Sub-Programme Objective

To support Entrepreneurs, Small and Medium scale Enterprises (SMEs) and also promote effective participation of the youth in socioeconomic development. The programme further seeks to pursue government flagship industrial development initiatives and promote creation of decent jobs.

Budget Sub-Programme Description

The sub programme seeks to improve the livelihood and incomes of rural poor Micro and Small Entrepreneurs (MSEs) in the North Tongu District and also sustain Medium Scale Enterprises (MSEs) support activities in the district.

The Rural Enterprises Program (REP) model is perceived as an effective tool for rural Micro and Small Entrepreneurs (MSEs) development and poverty reduction. It will be delivered by; Upgrading the Technical and Entrepreneurial skills of rural MSEs by providing access to Business Development Services (BDS) and Agricultural Commodity Processing Infrastructure Development (ACPID) programs. The sub programme will be delivered through Entrepreneurial, Technical and Managerial skills training delivered to clients after intensive needs assessment is conducted and demand made for interventions to address the identified needs.

The District Assembly (DA) is the main implementing partner, REP as a collaborative partner and financier under Ministry of Trade and Industries (MoTI), National Board for Small Scale Industries (NBSSI) and GRATIS Foundation are organisations that play active role in achieving the sub programme objective. The department also collaborate with the Agric department and Social Welfare department.

It will be funded by Government of Ghana (GoG) as the implementing partner, International Fund for Agricultural Development (IFAD) and African Development Bank (AfDB) as external donors, NBSSI and the DA.

The program is targeted at Medium and Small-Scale Enterprise (MSEs) and Local Business Association, men, women, unemployed youth and the poor entrepreneurial and any business oriented mined person interested in harnessing resources for employment and growth generation.

The REP BAC has a staff strength of two (4) two male and two female.

Inadequate logistics and lack of project vehicle to implement programme objectives.

late release of funds for project implementation, low start-up for businesses in the district.

Budget Sub-Programme Results Statement

Operations

Business Promotion and Development

- Train 20 persons in Beauty Care
- Train 32 beneficiaries in Baking and Confectionary
- Train 25 clients in Fashion Designing
- Train 20 beneficiaries in Fish Processing
- Train 20 persons in shea nut processing and packaging
- Train 40 youth in Occupational Safety, Health and Environmental Management
- Monitoring Exercise for 50 clients

Promotion of Small and Medium Enterprises

- Support 25 MSEs in MGF
- Organize training for 4 LBAs/FBOs in the district
- Provision of start-up kits for 10 graduate apprentices
- Organize Business Counselling for 200 SMEs in the district

Trade development and promotions

- 60 People undertake a ten-day industrial study tour
- 10 clients for 2020 annual clients trade show and exhibition prepared
- Organise Internship program for 15 clients.

Procurement of Office supplies and consumables

• Procurement of 4 No. A4 sheet and 4 No. tonner

Publication and dissemination of Policies and Programmes

• Organise stakeholder for a for preparation of AWPB

PROGRAMME 4.0 ECONOMIC DEVELOPMENT SUB-PROGRAMME 4.2 Agriculture

Budget Sub-Programme Objective

Increased access to improved extension services to improve livelihood

Budget Sub-Programme Description

The sub-programme seeks to create wealth for stakeholders in Agric, provide quality and nutritious food at affordable prices, improve the capacity of officers and others actors along the value chain especially farmers, reduce pest and diseases of crop and livestock thereby reducing post-harvest losses and increase Food security.

These activities with the help of our abled officers and the fervent cooperation of farmers and all actors along the value chain can be achieved.

The Human Resources, Health Services, Business Advisory Centre, Non-formal education in addition to the various units (Extension, Crops, livestock, Women in Agric Development, MIS) in collaboration with other units and departments of the Ministry of Food and Agriculture (Plant Protection Regulatory Service and Veterinary service) would be involved in delivering the subprogramme.

The sub-programme would be funded by GOG, DACF, IGF and donor funds. The target beneficiaries are primarily farmers, schools and other actors along the value chain.

We have a staff strength of seventeen 17, comprising of one (1) female and sixteen (16) male

The challenges facing the department are inadequate logistics (protective clothing), delay in releasing of fund for effective and efficient delivery of activities and additional technical staff (6 AEA's needed) and access to mechanization centres in the district.

| Capacity training for the extension officers | |

PROGRAMME5: ENVIRONMENTAL AND SANITATION MANAGEMENT

SUB-PROGRAMME 5.1 Disaster prevention and Management

Budget Sub-Program Objective:

Promote proactive planning for disaster prevention and mitigation.

Budget Sub-Program Description

The sub program seeks to provide education on various types of climate change in all the

communities in North Tongu district. It also seeks to undertake alternative livelihood project and

education on Emergency Preparedness Plan (EPP), safe havens and their routes and erection of

safe haven bill boards in 20 riparian Communities.

The Budget Sub-Program would be delivered through; Town-Hall Meetings,

Workshops/Seminars, Forum/Durbars in the District.

Organizational Units involved in the achievement of the objectives of the sub-program includes

Ghana Police Service, Ghana National Fire Service (GNFS), Education, Ghana Health Services,

Environmental Health Department, NGOs, Social Welfare, Community Development., Ghana

Ambulance Service, Red Cross Society etc.

The Sub-Program would be funded from Government of Ghana transfers (GOG), District

Assemblies Common Fund (DACF), Internally Generated Fund (IGF) and support from the Volta

River Authority (VRA)

The beneficiaries of the program would be the people of North Tongu.

The staff strength to deliver on the project would be Twelve (12) made up of Male (9) and Female

(3).

The key issues and challenges facing the sub-program includes lack of office equipment and

furniture. The directorate finds it difficult to reach most of the communities due to lack of logistics

such as pick-up and motor bikes.
